MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY

CHARLESTON, WEST VIRGINIA, AUGUST 17, 2016

The Board convened in the Board Office Conference Room, 2310 Kanawha Boulevard, East, Charleston, West Virginia, at 10:00 a.m., on Wednesday, August 17, 2016, with President Dennis Lewis presiding. Present at the meeting in person were Board members: Dennis Lewis, Vicky Skaff and Chuck Jones; the following Board members were present by teleconference on speakerphone: John J. Bernabei, Everett Frazier, and Kim Knuckles. Board Member George Karos was unable to attend. Staff present in the office were Executive Director and General Counsel Dave Potters, Assistant Executive Director Betty Jo Payne, and Board Investigator Dave Lucas. Staff present on the conference call were Board Inspectors, Buck Selby, Roger Shallis, Lisa Hedrick and Don Klamut; and Board Investigator Fred Wagoner. Inspector David Gerkin did not attend.

Members of the public attending the meeting were Tim Weber, of Fruth Pharmacy, Mark Polen, LGCR Government Solutions for Rite Aid, and Bridgette Lambert of West Virginia Retailers Association.

Mr. Lewis stated that a quorum was present, and noted that proper notice of this meeting had been filed with the Secretary of State and posted on the Board's website. The Agenda was also posted on the Board's website and made available through the Office.

Mr. Lewis opened the meeting with prayer.

First, the Board reviewed the minutes from the June 26-27, 2016 Board Meeting. Mr. Potters explained several minor changes made to the draft minutes which had been brought to his attention. On page 2 of the first paragraph in the first sentence an apostrophe was added to the word "Board's", and at the end of the sentence the words "of the board" were struck as redundant, with the sentences reading "Mr. Potters provided a brief update on the Board's financial condition ~~of the board.~~" On the same page in the second paragraph "Seconded by Vicky Skaff. Motion carried." was added to the end to properly indicate that she had seconded the motion made, and that it did, in fact, pass. In the third paragraph on page 2 in the third sentence, the words "days" and "the" were added, with the sentences reading "Motion was made by Chuck Jones and seconded by Vicky Skaff as the Complaint Committee members to amend their report on case #20 to stay all but 90 days of the suspension." On page 5 on the fourth paragraph down in the second sentence, the letter "d" was removed from the word "updated". President Lewis called for the review of the minutes from the prior meeting of June 26-27, 2016, Board Minutes as amended. Motion was made by Vicky Skaff to approve the minutes as amended, seconded by Chuck Jones. All in favor with no votes against, the motion carried.

The Board discussed the public comments received regarding the changes to Title 15, Series 1, to implement HB 4340 Finger Print based background checks of pharmacists, and requiring the same for interns, and to modify the language of §15-1-14.7.5. The only comment received was from CVS Health, and was positive in favor of the changes to 15-1-14.7.5. Motion was made by J.J. Bernabei and seconded by Vicky Skaff to accept the response prepared by Mr. Potters describing the positive comment and indicating that no further changes were made to the rule, and that the rule and response be approved for filing. All in favor, motion carried.

The Board discussed changes to Title 15, Series 8, CSMP reporting of opioid antagonists and other issues, including how to define “opioid antagonist” and “date filled”. The Board received two nearly identical comments from Fruth Pharmacy and from the National Association of Chain Drug Stores. First, NACDS and Fruth both comment on § 15-8-2.2.3 and the new proposed definition of “date filled”. The Controlled Substances Monitoring Program (CSMP) legislation in West Virginia Code § 60A-9-4 requires, among other things, the reporting of the “date filled”. At its prior meeting, the Board had discussed that, in the view of many consumers, date filled means the date a prescription is actually picked-up or delivered. However, to the industry, this term means the date that the prescription was prepared and placed into will-call or otherwise while waiting to be picked-up or delivered. The dispensers report the data to the CSMP in accordance with national automated reporting standards called ASAP formats. The ASAP formats include fields for both “date filled” and “date sold”. The Board’s goal in writing the definition of “date filled” was to make the term mean the date that a prescription is actually delivered to a patient. As we as a State try to get more accurate information in the CSMP for exactly when a prescription became available to a patient, and if we eventually go to real-time reporting, then we will need point-of-sale reporting, i.e. when actually delivered to the patient, not when prepared (filled) and placed into will-call. Nonetheless, per the commenters, the definition of “date filled”, given the way that terminology is used in the industry, is causing confusion with pharmacies. They ask the Board to use the term “date sold” as the defined term. However, Mr. Potters explained that the statute uses the term “date filled”. Further, the Board discussed that it would rather avoid using the term “date sold” in statute, and would prefer to use the term “delivered”, since not all dispensings are “sold”. All this being said, at the prior meeting, one motion which was passed was for the board to also seek a statutory solution changing “date filled” to “date delivered” in West Virginia Code § 60A-9-4. (Alternatively, the term “date delivered” could be added in addition to “date filled” if the Legislature wants both fields captured). The Board could then by rule make “date sold” mean date delivered to comply with the ASAP format fields. Given the complexity of the situation, the Board has given the suggestion much thought, and concluded (1) that the definition of “date filled” should be changed to “date sold” and be defined as follows: “‘date sold’ means, for purposes of ASAP reporting formats, the date a filled prescription is delivered to the patient or the patient’s caregiver or agent on behalf of the patient, Provided that, for prescriptions delivered by mail or other common carrier, it is the date placed in the mail or for delivery”, and (2) to seek a legislative change as described above. Vicky Skaff made the motion to amend date filled to date sold as discussed, seconded by Kim Knuckles. All in favor, motion carried.

The second comment from both NACDS and Fruth is that, in § 15-8-5, dispensers be given 7 days rather than just 24 hours to correct errors in reporting upon discovery. The Board received this suggestion during drafting, and accepted it at that time at its prior meeting, and already made that change prior to filing the rules for public comment. So, the comment is well-taken, and no change is necessary at this time as it was already drafted that way. Vicky Skaff then made a motion, seconded by Chuck Jones, to approve the Board’s response to comment and the modified rule for filing. All in favor, motion carried.

Finally, the Board discussed changes to Title 15, Series 6 for Mail Order and non-resident pharmacies. Vicky Skaff made a motion to approve the rules as drafted and the response to comments for filing, seconded by Chuck Jones. All in favor, motion carried.

Motion was made by Everett Frazier to adjourn. Seconded by Vicky Skaff. President Dennis Lewis declared the meeting adjourned.

Adjourn.

MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY
MORGANTOWN, WEST VIRGINIA, SEPTEMBER 25 & 26, 2016

The Board convened in the Marriott Residence Inn main conference room in Morgantown, West Virginia, at 5:00 p.m., on Sunday September 25, 2016, with President Dennis Lewis presiding. Present with Mr. Lewis were the following Board members: John “J.J.” Bernabei, Everett Frazier, Chuck Jones, Kimberly Knuckles, Sam Kapourales, and Vicky Skaff. Also present were David Potters, Executive Director and General Counsel; Assistant Executive Director Betty Jo Payne; Administrator of the Controlled Substance Monitoring Program, Mike Goff; the Board Inspectors, Don Klamut, Lisa Hedrick, Thomas Dave Gerkin, Roger Shallis, Charles “Buck” Selby, and Board Investigators Fred Wagoner and David Lucas. Members of the public present included Tim Weber from Fruth Pharmacy, and Mike Brown from the West Virginia Pharmacist Recovery Network.

President Lewis called the meeting to order and stated that a quorum was present. He then stated that proper notice of this meeting had been filed with the Secretary of State. The Agenda was also posted on the Board’s website and made available through the Office.

Mr. Lewis opened the meeting with prayer. He welcomed Sam Kapourales as a new member to the Board, replacing George Karos whose term had expired June 30, 2016.

President Lewis called for the review of the minutes from the prior meeting of August 17, 2016. Motion was made by Chuck Jones to approve the minutes subject to changing the word “gave” to “given” on page 2, seconded by Kim Knuckles. All in favor with no votes against, the motion carried.

Mr. Potters provided a brief update on the Boards financial report. In addition, Board Secretary Vicky Skaff reported that she has reviewed all purchasing card transaction reports up to the present time and we are up to date on such reviews. Motion was made by J.J. Bernabei, seconded by Chuck Jones, to approve the financial report subject to audit. Discussion then turned to needing information presented in a different way than as printed from WVOASIS, and that the Board would like to have a simple income statement and balance sheet. Chuck Jones volunteered to find an accountant to work with the board to provide this service to the Board.

Motion was made by Everett Frazier and seconded by J.J. Bernabei to go into Executive Session to receive the Complaint Committee’s report. All in favor with no votes against, the motion carried. Mike Brown was present for one case concerning a client of the PRN, and, after discussion of that case, left the room. After discussion of the Complaint Committee Report, President Dennis Lewis declared the Board back into public session with no official action taken.

First, the Board discussed the case listed under Report Item #23, Case Number 2016-08-55. With regard to that case, the Respondent is a client of the PRN and had stolen medication to self-medicate. The PRN through Mike Brown indicated that the Respondent does very well when under monitoring. A motion was made by Kim Knuckles and seconded by Sam Kapourales to recommend a Last Chance Agreement be sought with the Respondent with an open-ended contract through the PRN for as long as Respondent holds a pharmacist license to practice, and as condition

of practice Respondent never be permitted in a dispensing role or allowed in any job where drugs are present; further, a condition of the Last Chance Agreement would be that Respondent may not consume alcohol or permitted to take any mind-altering drugs except as properly prescribed by a prescriber; finally, the agreement would require that Respondent shall make restitution to Pharmacy in the amount of \$519.00. All in favor with no votes against, the motion carried.

Next, J.J. Bernabei made a motion to accept and file the Complaint Committee Report and the recommendations for the other 23 cases as written, seconded by Everett Frazier. All in favor with no votes against, the motion carried.

The Board reviewed the Complaint Committee procedures/process. The document reflects the procedures from receipt or self-initiation of a complaint to completion. Mr. Potters and Vicky Skaff discussed the requirements of WV Code 30-5-11(c), to do a 6 month status report letter to complainants, and, if a case is still pending one year after such 6 month status report, that the Board then would have to seek an agreement with the complainant to continue pursuing the case. Mr. Potters indicated that forms have been put in place for the 6 month letters and for any needed agreement to extend a case beyond 18 months. After discussion of the document, a motion was made by Mrs. Skaff, seconded by Mr. Bernabei, to approve the document as the Complaint Handling Process for the Board. All in favor with no votes against, motion carried.

Next, Mike Goff provided an update on the Controlled Substance Monitoring Program. Among other things, the update included the following topics:

- Finalizing RFQ specs to go out to bid for the multi-year contract in the next couple months.
- Morphine Equivalent Daily Dose (MEDD/MME) reporting function commenced July 28th. The Attorney General's Office provided funding for the MEDD system enhancement (\$40,000).
- Sub-recipient agreement with DHHR being finalized to receive CDC grant funding for PMP improvements, which includes hiring an epidemiologist and a data analyst. Epi interviews were held September 6th and we are in the process of the candidate selection. Funding will be approximately \$260,000 annually for 3 years, to cover PMP vendor work, the Epi employee and one other analyst, 25% of CSMP Administrator salary, computers, etc.
- Additional grant funding will be available for WV drug overdose mortality and morbidity research and education, to include PMP related data.
- 2015 WV drug overdose deaths were a record high (730), but hydrocodone and oxycodone related deaths are down, being replaced by heroin.
- 375 deaths in the first six months of this year.
- Gabapentin related overdose deaths on the rise.
- Hydrocodone and oxycodone dispensing continues to decline.

As this was simply receiving information, no official board action was taken regarding Mr. Goff's report.

Motion was made by Vicky Skaff to go into Executive Sessions to discuss personnel matters, seconded by Kim Knuckles. All in favor, motion carried. After discussion of the

personnel matters, President Dennis Lewis declared the Board back into public session with no official action taken. Motion was then made by Chuck Jones to review Executive Director David Potters job duties, expectations, responsibilities, timelines for completion, and policies and procedures to be formalized and reviewed with the Executive Director, Seconded by J.J. Bernabei. All in favor, motion carried.

Motion was made by Chuck Jones and seconded by Vicky Skaff that no employee has authority to speak on behalf of board without the Board's consent. Additionally, no employee can excuse compliance with the laws and rules of the State of West Virginia. The Executive Director is to determine when the annual report and CSMP Report are due and it is to be completed prior to the due date in a timely fashion that it would be presented to the Board in time to be approved and filed with the legislature. All in favor, motion carried.

President Lewis then declared the meeting into recess, to be continued in the conference room at the West Virginia University, School of Pharmacy, Wigner Suite, Room 1127, at 8:00 a.m., September 26, 2016.

The Board Meeting continued on Monday, September 26, 2016, at 8:00 a.m., in the Wigner Suite, Room 1127, at the West Virginia University School of Pharmacy in Morgantown, West Virginia, with President Dennis Lewis presiding. Present with Mr. Dennis Lewis were the following Board members: John "J.J." Bernabei, Everett Frazier, Chuck Jones, Kimberly Knuckles, Sam Kapourales and Vicky Skaff. Also present were David Potters; Assistant Executive Director Betty Jo Payne; the Board Inspectors, Don Klamut, Lisa Hedrick, Thomas Dave Gerkin, Roger Shallis, Charles "Buck" Selby, and Board Investigator David Lucas.

Members of the public present included David Flynn from WVU Hospitals/WVU Medicine; Tim Weber from Fruth Pharmacy; Elizabeth Scharman from WV Poison Center; Mike Podgurski from Rite Aid; Mark Polen from LGCR/Rite Aid; Helen Feinstein from Wexford Health Sources; Krista Capehart from WVU School of Pharmacy; Mary Stamatekis from WVU School of Pharmacy; and Grant Nugent from WVU School of Pharmacy.

President Lewis called the meeting back to order and stated that a quorum was present. He then reiterated that proper notice of this meeting had been filed with the Secretary of State, and that the Agenda was posted on the Board's website and made available through the Office. Mr. Lewis opened the meeting with prayer.

The Board received a presentation by Dr. Elizabeth Scharman, Pharm. D., concerning Naloxone and Naloxone Protocol Guides. Among other things, she indicated that the Narcan 4 mg product is not listed in information in the brochures currently made available by the West Virginia Department of Health and Human Resources (WVDHHR), Office of Emergency Medical Services. She stated that they are seeing more withdrawal effects such as violent behavior and aspiration with that product. She also indicated that the West Virginia Poison Center Website contains a tab with information on Naloxone, its administration, disposal of sharps, and even a map with the locations of all pharmacies of which they are aware which dispenses Naloxone.

Next, Dr. Scharman, Pharm.D, made a presentation to the Board on disaster planning. She indicated that both Natural and Manmade disaster planning takes place at DMAPS and Division of Homeland Security and Emergency Mgt. She also stated that WVDHHR, through the West Virginia Center for Threat Preparedness, coordinates the health side of disaster planning. She indicated that when a disaster occurs, the State opens an Emergency Operations Center, and after the recent flooding, it was instrumental in identifying pharmacy services which were available. She requested the Board to look at its own operations should a disaster occur which would destroy the Board Office, including planning for an alternate temporary site, backup of records and data, and so forth. Further, she requested the Board to look at its rules on the 3-day emergency fill, and indicated that a longer period is needed. They are also interested in creating a reporting mechanism for which pharmacies are open/closed in an area affected by a disaster, and getting volunteer pharmacist on the ground.

Inspector Charles “Buck” Selby gave an Inspections status update. Mr. Selby reported that inspections are up to date, and inspectors have started doing nursing home inspections. The Inspectors will meet again in January to revise form and make sure they are up-to-date. The inspectors also had provided information along with the CSMP to DHHR OHFLAC in their review of potential pain clinics that assisted them in closing several practices that did not meet regulatory requirements. Following the update, Mr. Potters went over the process used in the past to post by newspaper advertisement for an open inspector job and the Board discusses starting the process given Inspector Thomas Dave Gerkin’s announced upcoming retirement. Motion was made by Vicky Skaff and seconded by Kim Knuckles to advertise for the position as discussed in the major newspapers in Cabell and Wood counties in Insp. Gerkin’s territory, and also in the Charleston Gazette as a paper of general circulation in the State. All in favor, motion carried.

The next item on the Agenda was for the Board to consider application of John Harris, RPh, to reciprocate his license from Virginia with prior discipline, including 4 felonies in 1995 involving the sale and distribution of controlled substances. Mr. Potters informed the Board that West Virginia Code § 30-5-9(a)(8) states that an applicant for a pharmacist license cannot have any conviction of “a felony involving the sale or distribution of controlled substances.” Motion was made by Sam Kapourales to decline application based upon the statutory restrictions in West Virginia Code § 30-5-9(a)(8), seconded by Vicky Skaff. All in favor, motion carried.

Next, the Board considered the application of Helen Feinstein, RPh, for Collaborative Pharmacy Practice and received a presentation of the project on which she is working concerning prison populations. Helen Feinstein gave a presentation to acquaint Board with how health care is provided in prisons and the pharmacist’s role through the collaborative arrangement proposed. Motion was made by Kim Knuckles and seconded by Vicky Skaff to approve application based upon Ms. Feinstein’s credentials. All in favor, motion carried.

The Board then considered the applications for Collaborative Pharmacy Practice of Samantha G. Wright, RPh, Aaron David Cumpston, RPh, and Alexandra Shea Shillingburg. Motion was made by Vicky Skaff to accept all 3 applications based upon their credentials, seconded by Kim Knuckles. All in favor, motion carried.

The Board reviewed a request of PIC Bobbi Sue Greer of Rite Aid Pharmacy 01462 for extension of time for Interim PIC Amanda Hagerman to October 26, 2016, to fulfill full leave time. Motion was made by Kim Knuckles to approve request, seconded by Sam Kapourales. Vicky Skaff abstained and did not vote on the issue due to her affiliation with Rite Aid. All in favor, motion carried.

Next, President Lewis called for the board to review the request from Rite Aid for waiver of rules to permit prescriptions received at one pharmacy to be filled at another pharmacy and then delivered to the originating pharmacy for delivery/dispensing to the patient which had been taken under advisement from the prior meeting. Vicky Skaff recused herself and left room. J.J. Bernabei stated law is clear against central fill and against this type of process, citing to West Virginia Code of State Rules §§ 15-1-14.7.5 and 7.6. So they are asking for a waiver. While he can see the gain and equity in true central fill, what Rite Aid is requesting however, is not true central fill. Both JJ and President Lewis indicated they would like to study central fill for future law change, but this is workflow balance, not central fill in the traditional hub and spoke model. Kim Knuckles discussed that it depends on staffing at 2nd pharmacy, but with current electronic database it could be tracked very well. Mike Podgurski addressed the Board that this would be safe for patients and would be implemented in one-to-one relationships between a busier pharmacy and a less busy pharmacy with the drugs filled by the less busy pharmacy then couriered over to the originating pharmacy. Sam Kapourales moves to reject motion, seconded by J.J. Bernabei. The motion carried with only Kim Knuckles voting against.

Vicky Skaff returned to meeting.

The Board discussed whether to recommend to the Legislature that Gabapentin be made a controlled substance or tracked as a drug of concern to be reported to the CSMP. Mr. Potters referred the Board to data collected from the DHHR Medical Office of the Chief Medical Examiner and reported in the WV Health Statistics Center, Vital Statistics System that show that Gabapentin is showing up in more and more overdose deaths since 2010, with there being 89 and 98 Gabapentin-Related Overdose Deaths in 2014 and 2015, respectively. Mr. Potters also stated that he had received information that several states have or are making it a drug of concern to track it, including border state Ohio. President Lewis said without question, it's a drug of concern. Kim Knuckles stated she prefers to make it a controlled substance in West Virginia. Sam Kapourales opposed making it a controlled substance or otherwise tracking it, stating that pharmacies and lobbyists would fight it, and we should not get involved until the Federal government acts. Mike Podgurski of Rite Aid addressed the Board and stated that in the states where it is going to or already is tracked, they did not fight it, and it is a relatively easy "flip of a switch" to report it. J.J. Bernabei made a motion, seconded by Vicky Skaff, to recommend to the legislature that it be a controlled substance. Sam Kapourales voted no. All others in favor, motion carried.

The Board discussed whether to recommend to the Legislature the creation of a new criminal felony provision for diversion of any controlled substance by an employee or owner of any place where controlled substances are legally stored, stocked, distributed, administered, and/or dispensed. President Lewis discussed that, while a prosecutor would not have to charge every case under such a provision, it would be a provision available for cases where they would want to use it, rather than some cases which are charged as petit larceny due to the low values involved even

though it is controlled substances being stolen. Motion was made by Sam Kapourales, seconded by Everett Frazier to make the recommendation. All in favor, motion carried.

The Board reviewed application of Jamie Patterson for Pharmacy Technician Trainee. Mrs. Patterson has past misdemeanors, however, they are not drug related. The Board had originally denied her first application for being untruthful on her first application by marking “no” to the question about prior convictions. She has presented a new application with the question marked yes, and has two letters of recommendation, one from a pharmacist, and one from the PIC where she will work. Sam Kapourales moved to turn the application down based on the criminal history as a moral character issue. No one seconded. Chuck Jones moved to approve the application on the basis of the letters of recommendation; J.J. Bernabei seconded the motion. Sam Kapourales voted no; all others voted in favor, motion carried.

The Board reviewed a request from the West Virginia State Medical Association for the Board to consider amending certain rules for Expedited Partner Therapy. Specifically, WVSMA requests that prescribers be permitted to write “EPT” on a prescription in place of a patient’s name for expedited partner therapy prescriptions, and asks if this can be accomplished by emergency rule. Mr. Potters stated that language could potentially be inserted in Rule § 15-1-9.1.2.a.1., but that Series 1 is currently pending before the Legislature with the changes that are underway for the upcoming regular legislative session, and he will have to get guidance on how to do an emergency rule in a series with changes already pending and past the public comment phase. Motion was made to approve the request and seek an emergency rule change to Rule § 15-1-2.a.1 to allow for EPT to be substituted, seconded by Vicky Skaff. All in favor, motion carried.

Mr. Potters provided an update on proposed statutory changes for Pharmacist Immunizations as approved in the prior June, 2016 meeting. There is some agreement with West Virginia State Medical Association that pharmacists be permitted to give HPV vaccines to adults, and that they be permitted to give flu and HPV vaccines to minors age 11 through to 18 by prescription issued by a proper prescriber. As such, Mr. Potters drafted some proposed language changes to West Virginia Code § 30-5-7 (e). Motion was made by Vicky Skaff to approve the language for presentation to WVSMA, seconded by Everett Frazier. All in favor, motion carried.

Mr. Potters gave an update on status of obtaining new licensing database. He indicated that specifications had been drafted by him and Inspector Selby, and that Betty Jo Payne had assisted in getting them presented to necessary parties for entry into WV OASIS. Mr. Potters had also provided them to the Board’s purchasing agent at the WV Purchasing Division. The specifications are basically modeled from those used by the Boards of Medicine, Professional Engineers, and Accountancy from where they all went out to bid. Accountancy is still in the implementation phase of their product from their winning bidder. The specifications were rejected with proposed changes to make them more like Accountancy’s, and to reject a 5th year of contract. Mr. Potters explained that no statute or rule prohibits a 5 year maintenance and support contract (1 year with 4 one year renewals), but that Purchasing’s policy is for only one year plus 3 standard renewals. Mr. Potters will have to request an exception from the Purchasing director. He explained he feels this is the right way to go as the contracts are front loaded in price for the licensing and data migration and implementation, and that front-end cost can be spread across an extra year, while at the same time giving the staff and licensee users an extra year with the product

before having to go out to bid again. There is really no down-side as the Board could choose not to exercise the one-year renewals if not satisfied, and could go out to bid sooner if needed.

Mr. Potters gave an update on Board Building maintenance issue to plumbing. There is a cracked joint and leak in the main sewage line coming down from the main floor 2nd bathroom to the basement, and a broken terracotta pipe in the floor. The plan at this time is to bypass the spot in the floor while fixing the main line coming down and tying other lines from the kitchen and main bathroom on the first floor into one line. Motion was made by Vicky Skaff to get it fixed with low bid, seconded by J.J. Bernabei. All in favor, motion carried.

The next regular Board Meeting will be held in Charleston, West Virginia on December 11 2016, at 5:00pm and December 12, 2016, at 8:00am.

Motion was then made by Mr. Sam Kapourales, and seconded by Mrs. Kim Knuckles, to adjourn. Mr. Lewis declared the meeting adjourned.

Adjourn.

MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY

CHARLESTON, WEST VIRGINIA, December 11 &12, 2016

The Board convened in the Board Office Conference Room, 2310 Kanawha Boulevard, East, Charleston, West Virginia, at 5:00 p.m., on Sunday, December 11, 2016, with President Dennis Lewis presiding. Present with Mr. Lewis were the following Board members: "J.J." Bernabei, John Everett Frazier, Chuck Jones, Sam Kapourales, Kimberly Knuckles, and Vicky Skaff. Also present were David Potters, Executive Director and General Counsel; Assistant Executive Director Betty Jo Payne; the Board Inspectors, Don Klamut, Roger Shallis, Charles "Buck" Selby, and Lisa Hedrick; and Board Investigators Fred Wagoner and David Lucas.

President Lewis called the meeting to order and stated that a quorum was present. He then stated that proper notice of this meeting had been filed with the Secretary of State. The Agenda was also posted on the Board's website and made available through the Office.

Mr. Lewis opened the meeting with prayer.

Betty Jo Payne announced her retirement date will be on February 28, 2017, and BJ Knoth will retire as of January 27, 2017; further, due to her school schedule, Katy Cunningham's last day as a part-time employee will be January 20, 2017.

President Lewis called for the review of the minutes from the prior meeting of September 25-26, 2016. Mr. Jones pointed out that the date in the first paragraph needed corrected to state September 25, 2016, and the word "of" needed to be stricken on page 6, next to last paragraph at the end of the 6th line of that paragraph. Motion was made by Chuck Jones to approve the minutes as amended, seconded by Everett Frazier. All in favor with no votes against, the motion carried.

David Potters gave an update on the Board's financial status. Motion was made by Kim Knuckles to receive the financial report subject to audit. Seconded by J.J. Bernabei. All in favor with no votes against, the motion carried.

Next, Mr. Potters gave a Director's Report which included, among other things, that plumbing repairs had been completed to the building, the open inspector position had been advertised to receive resumes, the Annual Report had been prepared and was ready to be filed, the new licensing database bid is being reviewed at the Treasurer's office for language they have to approve for tying into their online payment processing system, and that the language for prescriptions and labelling for expedited partner therapy to allow them to simply be listed as "EPT" in place of the patient's name had been approved by Legislative Rulemaking Review Committee's attorney for insertion in the pending rule. Dennis reported that Chuck Jones, Vicky Skaff and he would meet with Mr. Potters and that are progressing with regard to his job duties and assignments. There will be another job review after 90 days.

President Lewis indicated that he would communicate with Board Members and with Mr. Potters to establish a team to conduct interviews for the inspector position.

Next, as explained during the director's report, the Board had previously voted to allow for "EPT" to be inserted into the rules as needed in order to allow for prescriptions to simply reflect that designation

in place of the patient's name. However, that change would likely also create be an issue with labelling as well such that rulemaking's attorney allowed for that designation to be placed in the labelling portion of the rule as well. Motion was made by Vicky Skaff regarding to make a change to Rule § 15-1-22.1.4 to make the same changes for EPT for labelling in place of the patient's name as indicated. Seconded by Kim Knuckles. All in favor with no votes against, the motion carried.

Mr. Potters reviewed the other minor stylistic and ministerial changes that the Legislative Rulemaking Review Committee's attorney requested to the pending changes to the rules in Title 15, Series 1, 6, and 8. None of the changes are substantive. Motion was made by Kim Knuckles to accept LRMRC Modifications to Rules for filing. Seconded by Vicky Skaff. All in favor with no votes against, the motion carried.

Dennis Lewis complimented Mike Goff on working with Maier Institute and Dr. Shirly Neitch for their project on prescribing to the elderly. The data he provided from the Controlled Substance Monitoring Program (CSMP) has been very well received and Mr. Goff is providing good service.

Mike Goff gave an update on the CSMP, and provided the quarterly update and report. He indicated, among other things, that the RFQ specifications for a multi-year CSMP contract had been reviewed by the Purchasing Division, but we are now awaiting Office of Technology Approval. This has been delayed as OT looks at whether a statewide contract with West Virginia Interactive may take precedence over going out to bid. Mr. Goff stated that the CDC grant to hire an epidemiologist was being utilized, and that, after conducting interviews with DHHR representatives of the candidates, one had been selected. Next, they are collecting applications for the data analyst position also to be funded by the grant. Looking at the data, it continues to show a decline in the number of multiple prescriber episodes (doctor shopping). Also, since July, board staff for the Review Committee have sent 230 prescriber education letters and referred 14 prescribers related to 28 overdose deaths. Finally, Mr. Goff provided a demonstration of the PMPI for hooking to other states' data by providers, and of the new Morphine Equivalency Dose calculator module that has been added to the top (dashboard) of every CSMP report run on a patient.

Motion was made by J.J. Bernabei and seconded by Everett Frazier to go into Executive Session to receive the Complaint Committee's report. After discussion of the Complaint Committee Report, President Dennis Lewis declared the Board back into public session with no official action taken. Vicky Skaff reported on the status of all complaints, with 41 opens cases, 4 pending that they have not signed consents, 18 current recommended for this Board, 19 new and 12 of which that have had 6-month status letters sent. Motion was made by Sam Kapourales and seconded by Everett Frazier to approve the Complaint Committee recommendations. All in favor with no votes against, the motion carried.

President Dennis Lewis then declared the meeting to recess, to be continued in the conference room at the Board Office, 8:00 a.m., December 12, 2016.

The Board Meeting continued on Monday, December 12, 2016, at 8:00 a.m., in the Board Office Conference Room, 2310 Kanawha Boulevard, East Charleston, West Virginia, with President Dennis Lewis presiding. Present with Mr. Dennis Lewis were the following Board members: "J.J." Bernabei, John Everett Frazier, Chuck Jones, Kimberly Knuckles, Sam Kapourales and Vicky Skaff. Also present were David Potters, Executive Director and General Counsel; Assistant Executive Director Betty Jo Payne; the Board Inspectors,

Don Klamut, Roger Shallis, and Charles “Buck” Selby; and Board Investigators Fred Wagoner and David Lucas.

Members of the public present included Bridget Lambert from West Virginia Retailers Association; Richard Stevens from West Virginia Pharmacist Association; Mike Brown from West Virginia Pharmacist Recovery Network; Mark Polen of LGCR Government Solutions representing Rite Aid; Miriam Mobley Smith of PTCB; Bill Cover of NABP; Donnie Allison of WVU/Kroger Resident; Matt Diloreto of HAD; Devon Stewart, an Observer; Al Emch of Jackson Kelly PLLC; Rebecca Betts of Kay Casto & Chaney PLLC; Vaughn T. Sizemore of WV Attorney General’s Office; Conrad Lucas of Walgreen’s; and Eric Eyre of the Charleston Gazette-Mail.

President Lewis called the meeting back to order and stated that a quorum was present. He then reiterated that proper notice of this meeting had been filed with the Secretary of State and that the Agenda was posted on the Board’s website and made available through the Office. Let the record show that there is a quorum present. Mr. Lewis opened the meeting with prayer.

Mr. Lewis made three brief announcements: First, he thanked Sam Kapourales for attending an opioid conference on behalf of the Board where several dignitaries attended. Next, he congratulated Chuck Jones for his appointment to the West Virginia State University Board of Governors. Last, he thanked Betty Jo Payne and BJ Knoth for their years of service.

Miriam Mobley Smith, Director of Strategic Alliance for PTCB, gave a presentation to the Board. She gave an update on PTCB across the Country and the 2020 goal for accredited training. She indicated that PTCB wants to improve patient care through standardized training and certifications, with an eye toward advanced roles for PT’s as standards increase. She also mentioned that PT’s must get 20 hours of PT specific CE for recertification each recertification period. Ms. Mobley also discussed the national passage rate, at which time, JJ Bernabei stated that given the passage rate, pharmacies must provide adequate training and the Board must provide leeway for the transition to accredited training programs.

The Board reviewed requests from PTTs for extensions. J.J. Bernabei moved to accept Angela Maynor’s final extension request from Riverside Pharmacy to start the PTT training program over again with no credit given for prior training, seconded by Vicky Skaff. All in favor with no votes against, the motion carried. Next, J.J. Bernabei moved to accept Jessica Knapp’s request of K-Mart Pharmacy to start the PTT training program over again with no credit given for prior training, seconded by Kim Knuckles. All in favor with no votes against, the motion carried.

Next, the Board took up the request from Dignity Rx to approve its Pharmacy Technician Training Program. Dennis Lewis recused himself and left the room, and Vice President J.J. Bernabei ran the meeting for this item. After discussion of the training program in general, Vicky Skaff made the motion to approve the request, seconded by Everett Frazier. All in favor with no votes against, the motion carried.

Bill Cover from NABP presented to the Board an overview of NABP programs and services and discussed the recent efforts to increase uniform inspection of pharmacies shipping across state lines. In 2014, NABP started working on universal inspection standards, especially related to compounding. The goal is to increase uniformity of inspections for in-state pharmacies that are shipping across states lines. To do so, NABP can review a state’s inspection forms and make recommendations to bring them to the same standards, or a state can become a blueprint state and use the NABP blueprint inspection form for

sterile compounding inspections.

Inspector Selby gave a status update for Inspectors/Inspections. In regard to NABP Sterile Inspection Blueprint Participation Program and the required Agreement to be considered a Blueprint state, he stated that West Virginia currently has 73 sterile compounders, but 50 are hospitals. Of the other 23, only a few ship out of state. He recommends West Virginia sign as a Blueprint state, and then use the NABP Universal form for sterile compounding for those pharmacies that do ship out of state. Vicky Skaff made the motion to approve, seconded by Kim Knuckles. All in favor with no votes against, the motion carried. Inspector Selby then informed the Board that the inspectors had completed 89 pharmacy and 11 nursing homes inspections and that they are relatively up-to-date. He also stated that he and Inspector Roger Shallis again attended the WVPA Conference and set up a table display on behalf of the Board, and answered questions from WVPA attendees during the conference, which was again well-received.

Next, the Board considered the application of Nancy R. Kemp, RPh to reciprocate her license, given prior discipline and current probationary status. Mike Brown from PRN stated Mrs. Kemp is doing everything right in her treatment. She had a relapse in 2008, and again in 2012. Mrs. Kemp did intensive inpatient rehabilitation in Texas. She would be monitored by Tennessee where she lives. J.J. Bernabei moved to approve a Last Chance Agreement and monitoring by PRN in the same form as Tennessee and that she not be permitted to be around drugs. Seconded by Kim Knuckles. All in favor with no votes against, the motion carried.

The Board discussed recommendations to the Legislature that certain controlled substances be added, removed, or changed in the Schedules of Chapter 60A, Article 2. The Board had previously voted to recommend that Gabapentin be made a controlled substance. The Board worked with the West Virginia State Police Crime Lab to identify other substances that may need addressed. Among the recommendations was a presentation of multiple substances received from the West Virginia State Police Crime Lab to be added or changed as follows:

SCHEDULE I:

Synthetic Phenethylamines (including their optical, positional, and geometric isomers, salts and salts of isomers, whenever the existence of such salts, isomers, and salts of isomers):

1. 2-(4-iodo-2,5-dimethoxyphenyl)-N-(2-methoxybenzyl)ethanamine (25I-NBOMe/ 2C-I-NBOMe)
2. 2-(4-chloro-2,5-dimethoxyphenyl)-N-(2-methoxybenzyl)ethanamine (25C-NBOMe/2C-C-NBOMe)
3. 2-(4-bromo-2,5-dimethoxyphenyl)-N-(2-methoxybenzyl)ethanamine (25B-NBOMe/ 2C-B-NBOMe)

Synthetic Opioids (including their isomers, esters, ethers, salts and salts of isomers, esters and ethers):

1. N-(1-phenethylpiperidin-4-yl)-N-phenylacetamide (acetyl fentanyl)
2. furanyl fentanyl

- 3,4-dichloro-N-[2-(dimethylamino)cyclohexyl]-N-methylbenzamide (also known as U-47700)
- N-(1-phenethylpiperidin-4-yl)-N-phenylbutyramide, also known as N-(1-phenethylpiperidin-4-yl)-N-phenylbutanamide, (butyryl fentanyl)
- N-[1-[2-hydroxy-2-(thiophen-2-yl)ethyl]piperidin-4-yl]-N-phenylpropionamide, also known as N-[1-[2-hydroxy-2-(2-thienyl)ethyl]-4-piperidinyl]-N-phenylpropanamide, (beta-hydroxythiofentanyl)

Opioid Receptor Agonist (including its isomers, esters, ethers, salts, and salts of isomers, esters and ethers):

- AH-7921 (3,4-dichloro-N-[(1dimethylamino)cyclohexylmethyl]benzamide)

Synthetic Cannabinoids (including their salts, isomers, and salts of isomers whenever the existence of such salts, isomers, and salts of isomers):

- N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (AB-CHMINACA)
- N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide (AB-PINACA)
- [1-(5-fluoropentyl)-1H-indazol-3-yl](naphthalen-1-yl)methanone (THJ-2201)
- quinolin-8-yl 1-pentyl-1H-indole-3-carboxylate (PB-22; QUPIC)
- quinolin-8-yl 1-(5-fluoropentyl)-1H-indole-3-carboxylate (5-fluoro-PB-22; 5F-PB-22)
- N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-(4-fluorobenzyl)-1H-indazole-3-carboxamide (AB-FUBINACA)
- N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide (ADB-PINACA)
- N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (common names, MAB-CHMINACA and ADB-CHMINACA)

Synthetic Cathinones:

- 4-methyl-N-ethylcathinone (4-MEC)
- 4-methyl-alpha-pyrrolidinopropiophenone (4-MePPP)
- 1-(1,3-benzodioxol-5-yl)-2-(methylamino)butan-1-one (butylone)

4. 2-(methylamino)-1-phenylpentan-1-one (pentedrone)
5. 1-(1,3-benzodioxol-5-yl)-2-(methylamino)pentan-1-one (pentylone)
6. 4-fluoro-N-methylcathinone (4-FMC)
7. 3-fluoro-N-methylcathinone (3-FMC)
8. 1-(naphthalen-2-yl)-2-(pyrrolidin-1-yl)pentan-1-one (naphyrone)
9. alpha-pyrrolidinobutiophenone (α-PBP)

Opioid:

1. mitragynine and 7-hydroxymitragynine, which are the main active constituents of the plant kratom

SCHEDULE II:

1. thiafentanil (4-(methoxycarbonyl)-4-(N-phenmethoxyacetamido)-1-[2-(thienyl)ethyl]piperidine), including its isomers, esters, ethers, salts and salts of isomers, esters and ethers

SCHEDULE IV:

2. eluxadoline (5-[[[(2S)-2-amino-3-[4-aminocarbonyl]-2,6-dimethylphenyl]-1-oxopropyl][(1S)-1-(4-phenyl-1H-imidazol-2-yl)ethyl]amino]methyl]-2-methoxybenzoic acid)
3. tramadol (2-[(dimethylamino)methyl]-1-(3-methoxyphenyl)cyclohexanol) (TAKE OUT HYDROCHLORIDE)
4. suvorexant ([[(7R)-4-(5-chloro-1,3-benzoxazol-2-yl)-7-methyl-1,4-diazepan-1-yl][5-methyl-2-(2H-1,2,3-triazol-2-yl)phenyl]methanone)

SCHEDULE V:

1. brivaracetam ((2S)-2-[(4R)-2-oxo-4-propylpyrrolidin-1-yl] butanamide) (also referred to as BRV; UCB-34714; Briviact), including its salts

With regard to the request of the WVSP Crime Lab to clarify “Tramadol hydrochloride” by amending it to just “Tramadol”, they indicated that this will make no functional or other difference for prescribers and legitimate patients, but, in the case of drug diversion, will permit the lab to test merely for tramadol, and not to have to prove that hydrochloride is also present. Vicky Skaff made a motion to approve the recommendations as presented, seconded by Kim Knuckles. All in favor with no votes against, the motion carried.

Next the Board discussed changes to rule for partial fill of Schedule II's made at the Federal level, and their effect at the State level with state law. The "Comprehensive Addiction and Recovery Act of 2016" (CARA) was signed into law, and Section 702 of the Act contains new language that allows for partial fills of Schedule II drugs if, among other things, it is not prohibited by State law; and the partial fill is requested by the patient or the practitioner that wrote the prescription. CARA made a change that allows for the remaining portions of a partially filled prescription in Schedule II to be provided not later than 30 days after the date on which the prescription is written, except for an emergency situation, in which the remaining portion must be filled within 72 hours. However, West Virginia, which is more restrictive, still controls. West Virginia Code § 30-5-27 states that partial fills are legally permissible, but, in subsection (b), it specifically restricts Schedule II partial fills as follows: ". . . The remaining portion of the prescription may be filled within seventy-two hours of the first partial filling. . . . Further quantity may not be supplied beyond seventy-two hours without a new prescription." This language is reiterated in the Board's Rules at West Virginia Code of State Rules § 15-2-7.11. After discussion, the Board by consensus determined to take no action at this time, and wait to see what the DEA may do in its rulemaking on the subject as well.

The Board discussed Central Fill Pharmacy. J.J. Bernabei and David Potters will study some meaningful rules changes. No action taken.

Vicky Skaff gave an update on discussions with WV State Medical Association concerning pharmacist-provided immunizations. She explained attending a meeting with pharmacy stakeholders (along with President Lewis and Mr. Potters) about WVSMA's agreement to support legislation to allow flu and HPV vaccinations by prescription down to age 11, and allow HPV vaccinations under current rules at 18 & up. Mrs. Skaff reported that, after the devastating floods and state of emergency, there is now discussion of asking WVSMA about TD/TDAP for children age 11 and up by prescription given that those vaccinations were in great need during the state of emergency. No action was taken.

The Board discussed statutory language in West Virginia Code 30-5-12b regarding generic substitution and the pricing language. Mark Polen of LGCR Government Solutions and Bridgette Lambert of WVRA presented a proposed language change that would strike subsections (f) and (g) from the statute. Motion was made by Kim Knuckles, seconded by Sam Kapourales to support the language change as presented. All in favor with no votes against, the motion carried.

The Board discussed PBM Legislation likely to be reintroduced in the 2017 Regular Legislative Session. Vicky Skaff stated PBM Legislation is about insurance and we are here for patient protection and access to care. Transparency legislation will help patient access. Motion was made by Sam Kapourales, seconded by Vicky Skaff to support such legislation. All in favor with no votes against, the motion carried.

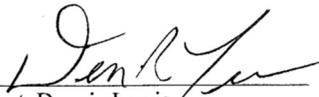

A presentation was given by Vaughn Sizemore, Assistant Attorney General, concerning Suspicious Order Reports. Rebecca Betts also spoke about the fact that wholesalers report to DEA electronically, and that wholesalers actually look deeper to investigate it to make sure it is reportable. Vicky Skaff stated the Controlled Substance Act says the AG may assist. When we receive them, we should continue to send them to AG's office. We can do it once per month. She also stated we should send a letter to wholesalers reminding them of the reporting requirement per the rule. Motion was made by J.J. Bernabei to approve the above recommendation to send them to the AG's office once per month and do a reminder letter; seconded by Vicky Skaff. All in favor with no votes against, the motion carried.

The next regular Board Meeting will be held in Charleston, West Virginia on March 19 and 20,

2016.

Dennis Lewis made a brief announcement. He stated that pharmacists need to be aware of another issue: per CDC opiate guidelines, Medicaid is anticipating a hard stop on opioids and benzodiazepines concurrent coverage. However, per CDC, it is not a hard stop, it is more an item to be looked at and be careful. Per J.J. Bernabei, this may be something that would be allowed per rational drug therapy review.

Motion was then made by J.J. Bernabei, and seconded by Vicky Skaff to adjourn. Mr. Lewis declared the meeting adjourned.

MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY

CHARLESTON, WEST VIRGINIA, JANUARY 18, 2017

The Board convened in the Board Office Conference Room, 2310 Kanawha Boulevard, East, Charleston, West Virginia, at 10:00 a.m., on Wednesday, January 18, 2017, with President Dennis Lewis presiding. Present at the meeting in person were Board members: Dennis Lewis, Vicky Skaff and Chuck Jones; the following Board members were present by teleconference on speakerphone: John J. Bernabei, Everett Frazier, Sam Kapourales and Kim Knuckles. Staff present in the office were Executive Director and General Counsel Dave Potters, Assistant Executive Director Betty Jo Payne, and Board Inspector Buck Selby. Staff present on the conference call were Board Inspectors, Roger Shallis, David Gerkin and Don Klamut; and Board Investigators Fred Wagoner and David Lucas.

Members of the public attending the meeting were Betsy Wright of Kroger; Bridgett Lambert of WV Retailer Association; and Mark Polen of Rite Aid.

Mr. Lewis stated that a quorum was present, and noted that proper notice of this meeting had been filed with the Secretary of State and posted on the Board's website. The Agenda was also posted on the Board's website and made available through the Office. Mr. Lewis opened the meeting with prayer.

First, Mr. Kapourales asked for permission to take Item 4 of the Agenda out of order and do it first. President Lewis asked for unanimous consent to do so with no objection. The Board discussed the status of the application process for hiring of an entry level clerk position and for the CFO/COO position. Mr. Potters announced that the Board had received over 300 résumés for the entry level clerk position, and 27 résumés to date for the CFO/COO position. President Lewis announced that Chuck Jones is to oversee the process with Everett Frazier assisting. Vicky Skaff agreed this was a good idea. There were no objections. Discussion then focused on whether or not Betty Jo could come back on contract for a period of time to help the transition of her position after her pending retirement. She indicated her willingness to do so, and Mr. Jones indicated he and Mr. Potters would work with her to learn the details.

Next, Mr. Potters addressed possible emergency rules for high school students to be registered pharmacy technician trainees. Motion was made by Kim Knuckles to accept the rule change to allow high school students enrolled in an approved pharmacy technician training program through their school to be registered as a pharmacy technician trainee, seconded by Vicky Skaff. All in favor with no votes against, motion carried. Another motion was made by Vicky Skaff to accept any program in these schools which is approved by the State Board of Education, seconded by Chuck Jones. All in favor with no votes against, motion carried.

The Board discussed applications from Pharmacists John Hudson and Crystal Heise for Collaborative Practice. Motion was made by Vicky Skaff to approve John Hudson's application, and to approve Crystal Heise's application subject to providing proof of insurance, seconded by Kim Knuckles. All in favor with no votes against, motion carried.

The Board discussed candidates for open inspector positions and possible hiring offers. Interviews were held on Friday, January 13, 2017. Kim Knuckles presented that the interview team agreed that Tom Robinette and Pat Regan were the best candidates. Both had passion for the job. Vicky Skaff could tell a distinct difference in passion for the position and to oversee the safety of public. Kim Knuckles stated that

Buck Selby did a great job conducting structured interviews. Motion was made by Dennis Lewis, seconded by Chuck Jones to make offers to both candidates. All in favor, motion carried.

The Board discussed rulemaking surrounding Suspicious Order Reports by wholesale distributors. President Lewis provided some discussion points, including, but not limited to, the fact that any rules need to be patient friendly, potentially remove pharmacies as reporters, require zero reports when a wholesaler does not find anything suspicious, look at enforcement authority, look at why distributors identify an order as suspicious, and involve the inspectors in review of them. Motion was made by Vicky Skaff to work on the issue and call parties to table to work on a workable rule as the rule allows wide open interpretation by registrants currently. Seconded by Everett Frazier. Discussion centered on having wholesalers vet orders and not find them suspicious if explained appropriately rather than relying purely on thresholds; that for every dispensing there is a prescription (unless the pharmacy is acting illegally); and that chain pharmacies also have systems in place which may have guidelines that may be helpful with parameters such that they should be consulted as well. JJ Bernabei gave an example that a report may say 1 bottle of 500 count of Xanax is a suspicious order, which did not appear suspicious in any way on its face, and that the reports need to be meaningful. In addition, focusing on the fact that every dispensing should have a prescription, President Lewis stated that many states are requiring prescribers to access their Prescription Monitoring Program prior to any dispensing of a controlled substance, and that there is movement in West Virginia to go that way. Kim Knuckles gave an example of a law in New Mexico to that effect. The board set a goal of moving this issue forward by February 1, 2017. All in favor, motion carried.

In other business, President Lewis announced that the CSMP report was filed and shows a 39.6% drop in doses of Hydrocodone dispensed since 2011, and a 17.9% drop in Oxycodone since 2011.

Motion was made by Chuck Jones to adjourn. Seconded by Vicky Skaff. President Dennis Lewis declared the meeting adjourned.

MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY

CHARLESTON, WEST VIRGINIA, FEBRUARY 15, 2017

The Board convened in the Board Office Conference Room, 2310 Kanawha Boulevard, East, Charleston, West Virginia, at 10:00 a.m., on Wednesday, February 15, 2017, with President Dennis Lewis presiding. Present at the meeting in person were Board members: Sam Kapourles and Chuck Jones; the following Board members were present by teleconference on speakerphone: President Lewis, John J. Bernabei, Vicky Skaff, Everett Frazier, and Kim Knuckles. Staff present in the office were Executive Director and General Counsel Dave Potters, Assistant Executive Director Betty Jo Payne. Staff present on the conference call were Board Inspectors, Buck Selby, Roger Shallis, David Gerkin and Don Klamut; and Board Investigators Fred Wagoner and David Lucas.

Members of the public attending the meeting Mark Polen of LGCR Government Solutions representing Rite Aid.

Mr. Lewis stated that a quorum was present, and noted that proper notice of this meeting had been filed with the Secretary of State and posted on the Board's website. The Agenda was also posted on the Board's website and made available through the Office. Mr. Lewis opened the meeting with prayer.

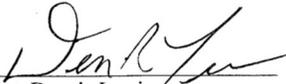

President Lewis called for the review of the minutes from the prior meeting of December 11 and 12, 2016 and January 18, 2017. Mr. Jones pointed out two amendments to the December minutes: adding an apostrophe on page 1, in the 6th paragraph, first sentence, to read ". . . Board's financial status", and changing the word "met" to "meet" at the top of page two. Motion was made by Chuck Jones to approve the minutes as amended, seconded by Vicky Skaff. All in favor with no votes against, the motion carried.

Next, the Board reviewed the requests of PTT Megan Bray and PTT Carrie Traub for extensions of time to take national certification examinations to be registered pharmacy technicians. Motion was made by Sam Kapourales to approve the requests as presented, seconded by Kim Knuckles. All in favor with no votes against, the motion carried.

Mr. Potters then informed the Board concerning the presentation made by Mike Goff to the Legislature, House Committee on Prevention of treatment and Substance Abuse, on the Controlled Substances Monitoring Program database, and then the Committee's follow-up questions of Mr. Potters about suspicious order reports. Mr. Potters indicated that Mr. Goff gave a good presentation of an overview of the CSMP and highlights from the CSMP Annual Report which show positive trends downward in number of oxycodone and hydrocodone pills dispensed and in overdose deaths caused by prescription medications. Mr. Potters then indicated that he informed the Committee that the Board had met in January to discuss suspicious order reporting rules changes, and had several ideas, including the possibility of zero-reporting, but that no formal motions had yet been made on specific changes. Mr. Lewis then

announced that he had met with the Attorney General about suspicious order reports in general, continuing to share the data, and to avoid unintended consequences of patient access issues.

Motion was made by Chuck Jones to adjourn. Seconded by Vicky Skaff. President Dennis Lewis declared the meeting adjourned.

MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY

CHARLESTON, WEST VIRGINIA, FEBRUARY 23, 2017

The Board convened in the Board Office Conference Room, 2310 Kanawha Boulevard, East, Charleston, West Virginia, at 10:00 a.m., on Wednesday, February 15, 2017, with President Dennis Lewis presiding. Present at the meeting in person were Board members: Vicky Skaff and Chuck Jones; the following Board members were present by teleconference on speakerphone: President Lewis, John J. Bernabei, Everett Frazier, and Kim Knuckles. Sam Kapourales was unable to attend. Staff present in the office were Executive Director and General Counsel Dave Potters, Assistant Executive Director Betty Jo Payne. Staff present on the conference call were Board Inspectors, Buck Selby, Roger Shallis, and Don Klamut; and Board Investigators Fred Wagoner and David Lucas.

Members of the public attending the meeting Chris Weikle of LGCR Government Solutions representing Rite Aid and Pfizer, Matt DiLoreto of HDA, and Sherrie Armstrong with Thomas, Combs and Spann, PLLC Attorneys at Law.

Mr. Lewis stated that a quorum was present, and noted that proper notice of this meeting had been filed with the Secretary of State and posted on the Board's website. The Agenda was also posted on the Board's website and made available through the Office. Mr. Lewis opened the meeting with prayer.

First, the Board addressed public comments received to the changes to Legislative Rule 15 CSR 7 including changes for high school students in high school pharmacy technician training programs to be eligible for registration as PTTs. Only one comment was received from the students at Fayette Institute of Technology thanking the Board for the action it took to allow them to obtain experiential education as PTTs. As such, the Board made no modifications or changes to the rule. Vicky Skaff made a motion to approve the response to public comments and file the rule with the Secretary of State and Legislative Rulemaking Review Committee with no modifications or changes, seconded by Chuck Jones. All in favor, with no votes against, motion passed.

Next, the Board reviewed the first draft of changes to Legislative Rule 15 CSR 2 regarding suspicious order reporting. The changes largely incorporate a Virginia-style rule that wholesalers report when they cut off a pharmacy or other registrant from service due to suspicious order reporting. The rule expands on it by requiring them to also report if they refuse to serve a pharmacy or other registrant due to suspicious orders. Finally, it would require wholesalers with no suspicious order reports to file a zero report, and identify the person making the decision for reporting and the parameters for the finding of a suspicious order report. Vicky Skaff made a motion to proceed forward with the changes as drafted and to circulate them to stakeholders for input, seconded by Chuck Jones. Mrs. Skaff indicated she likes the form that Virginia uses for cessation of services due to suspicions orders. All in favor with no votes against, motion carried. President Lewis then indicated that he would like to communicate to the Legislature what we are working on with these rules revisions. Matt DiLoreto from HDA then spoke to say that HDA is ready to work on this project as a resource for the wholesalers, and would seek their input.

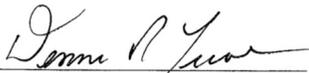

The Board then took up the discussion of the CSMP Advisory Committee recommendation that prescribers be required to check the CSMP prior to prescribing any controlled substances. Discussion centered on the technology in its current form and that it is not yet fully built into the workflow of the prescribers. President Lewis also indicated that he had spoken to prescriber and pharmacy stakeholders,

and that this may be too broad of a requirement at this time to get passed in the Legislature, and that something more doable may be to require a prescriber to check the CSMP before writing a new prescription for a Schedule II controlled drug that the patient had not previously had. The natural question will then be will pharmacies also be required to check. JJ Bernabei made the point that prescribers are already required to check any time they prescribe for chronic, nonmalignant, non-terminal pain, and are able to voluntarily check more often than the law requires in their judgment. He, too, iterated a concern that it is too cumbersome at this time to check on every prescription or a controlled substance and it would affect patient access. Kim Knuckles agreed concerning the law already in place, and that we currently have no way of knowing from the system who is and who is not complying on a global basis (we can only check in a specific investigation on whether a prescriber has run a report or not); thus, she is not in favor of adding more restrictions at this time. Motion was made by President Lewis that the Board consider taking no action at this time given the state of the technology and future advancement goals, seconded by Mrs. Skaff. All in favor with no votes against, motion carried. Chuck Jones asked that this decision be communicated to the Advisory Committee.

Next, the Board addressed the request of the Attorney General's Office for input on whether to reschedule gabapentin (currently unscheduled), pregabalin (currently a CV), and benzodiazepines (currently CIV's) all to CIII. President Lewis and Everett Frazier discussed their concerns that making gabapentin a controlled drug would cause problems with patient access, and that the Board should stay with its recommendation that it be a drug of concern. With regard to pregabalin, Vicky Skaff expressed that she would not have a problem with making it a drug of concern as well. Mrs. Skaff also expressed a desire to see data on pregabalin being abused or involved in overdoses. President Lewis and JJ Bernabei discussed that with them already being scheduled, they saw less of a patient access issue with moving pregabalin (which is similar in use to gabapentin) and benzodiazepines to Schedule III. Kim Knuckles agreed with there being no such issue with such a move. A motion was made by Mr. Bernabei to respond to the Attorney General that the Board would support a move of pregabalin and benzodiazepines to Schedule III, but to keep the recommendation that gabapentin be made a drug of concern for monitoring in the CSMP, seconded by Kim Knuckles. All in favor with no votes against, motion carried.

In announcements, President Lewis indicated that the Legislature is discussing better use of data in the CSMP, and that one potential such use would be to allow employers of prescribers to have access to check on the behavior of those employee prescribers. Mr. Potters then announced that he had received a Notice of Intent to File Suit against the Board and him up to the levels of insurance coverage in the various wholesale litigation being brought by several counties and cities. The Board will have to wait until it gets the actual suit to see the allegations. Mr. Potters has forwarded the Notice to BRIM for insurance coverage and defense.

Motion was made by Kim Knuckles to adjourn, seconded by JJ Bernabei. President Dennis Lewis declared the meeting adjourned.

MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY

CHARLESTON, WEST VIRGINIA, MARCH 19-20, 2017

The Board convened in the Board Office Conference Room, 2310 Kanawha Boulevard, East, Charleston, West Virginia, at 5:00 p.m., on Sunday, March 19, 2017, with President Dennis Lewis presiding. Present with Mr. Lewis were the following Board members: "J.J." Bernabei, Vicky Skaff, John Everett Frazier, Chuck Jones, Sam Kapourales, and Kimberly Knuckles. Also present were David Potters, Executive Director and General Counsel; CFO/COO John Smolder; CSMP Administrator Mike Goff; the Board Inspectors: Don Klamut, Roger Shallis, Charles "Buck" Selby, Pat Regan, Tom Robinette, and Dave Gerkin; and Board Investigators Fred Wagoner and David Lucas.

Members of the public present included Mark Polen of LGCR-Government Solutions; Sherrie Armstrong of Thomas Combs & Spann; and Devon Stewart of Steptoe & Johnson PLLC.

President Lewis called the meeting to order and stated that a quorum was present. He then stated that proper notice of this meeting had been filed with the Secretary of State. The Agenda was also posted on the Board's website and made available through the Office. Mr. Lewis then opened the meeting with prayer.

President Lewis called for the review of the minutes from the meeting of February 15, 2017. Chuck Jones made a motion to approve them as written, seconded by Kim Knuckles. All in favor with no votes against, the motion carried.

President Lewis called for the review of the minutes from the meeting of February 23, 2017. Mr. Jones pointed out three spelling corrections in the first continued paragraph of page 2. Mr. Jones made a motion to approve the minutes as corrected, seconded by Vicky Skaff. All in favor with no votes against, the motion carried.

John Smolder gave an update on the Board's financial status. Motion was made by Kim Knuckles to receive the financial report subject to audit. Seconded by Vicky Skaff. All in favor with no votes against, the motion carried.

Next, Mr. Potters gave a Director's Report. First, he announced that the two new inspectors, Pat Regan and Thomas Robinette, and the new CFO/COO John Smolder, had all started work on March 6, 2017 as welcome additions to the Board staff. Next, he presented a plaque on behalf of the Board to Inspector Dave Gerkin to recognize him on his retirement at the end of March, 2017, after 17 years of service to the Board. Inspector Gerkin's years of work on behalf of the Board are very much appreciated.

Next, Mr. Potters indicated that there is some minor building maintenance to be done in the spring/summer which will include paint touch-up and pressure washing that needs done to the outside of the Board office building, and there is a contractor already lined up to do the work. Continuing with the report, Mr. Potters next indicated that the bid process for the new licensing database was moving forward, that it had been advertised and the mandatory pre-bid meeting held. Only one potential bidder, Alberton's Consulting (Big Picture Software) came to the pre-bid and is eligible to submit a bid. They have implemented licensing databases for other West Virginia licensing boards as well as other licensing boards around the country.

Mr. Potters next indicated that formal employee evaluations would be undertaken in June, 2017. Discussion centered on using the Division of Personnel forms, and addressing expectations as well as future goals and objectives. The director's report then shifted to an update on the status of suspicious order report draft rules changes and input. Mr. Potters indicated that he had some feedback from two wholesalers supporting the idea of zero reports and looking at related activity such as when a wholesaler determines not to do business with a pharmacy. The Board will hear more in a presentation from the Healthcare Distributors Alliance (HDA) during the continued meeting on Monday, March 20. Finally, Mr. Potters gave a brief update on the ongoing Legislative Session and highlighted several bills which the Board and Board staff have been following through the process. Of particular importance, Mr. Potters provided copies of SB 333 as amended which, among other things, would require overdoses or suspected overdoses of illicit or prescribed medication to be reported to the Controlled Substance Monitoring Program (CSMP), would allow Deans of West Virginia Medical Schools access to the CSMP to track prescribing practices of their residents, and adds a new section to allow the Board pursuant to emergency rule to add "drugs of concern" which have a "high potential for abuse" to a list of drugs that must be reported to the CSMP even though they are not controlled substances. The bill did have access for employers to monitor prescribing habits of their employees, but that was stripped out by an amendment in the Senate Health Committee, and Senate Judiciary Committee is working on language to provide for it in some fashion. A separate bill is running which gives OHFLAC access to the CSMP, and discussion is to amend this into SB 333 as well. Some of the other legislation discussed included HB 2653 which would extend the sunset date for the NPLEX system used to track pseudoephedrine sales, HB 2540 allowing out-of-state pharmacists and other professionals to volunteer at charitable events up to 21 days in length without having to get licensed, and a bill to move the CSMP to the DHHR which does not appear to be moving.

Dennis Lewis again complimented Mike Goff on working with Maier Institute and Dr. Shirly Neitch for their project on prescribing to the elderly. The data he provided from the CSMP has been used to help them obtain a grant and was very much appreciated.

Mike Goff gave an update on the CSMP, and provided the quarterly update and report. Mr. Goff presented, among other things, that the CSMP Annual Report was submitted by January 1, 2017; that we are now sharing data with 21 states and continue to work with Pennsylvania and its new program to add them as soon as they are capable. He indicated that the bid for the new CSMP is still progressing through the Purchasing Process, and bids should be in by March 28, 2017. A new feature we are looking forward to is that the new database will include the ability to do prescriber report cards to help educate prescribers where their own practices fall compared to their peers. The specifications also provide for new capabilities for ad hoc reporting and canned queries which the Advisory Committee can review and determine whether to make parameters for use by the Review Committee. Continuing, he indicated that the newly hired epidemiologist Nathan Wood started work on February 4, 2017, paid through grant funds, and has already started mining CSMP data. New computers, tablets and other related accessories were purchased for Mr. Goff and Mr. Wood with grant funds. Unfortunately, the report included that there were 850 overdose deaths reported through the end of November, 2016, which represents approximately a 20% increase over 2016 by the time the full numbers for 2016 are reported. Much of this appears to be due to the street-fentanyl, carfentanyl, and heroin. Because of the sustained overdose problem, discussions with DHHR, CDC, and SAMSHA are that future grant opportunities are likely, and we are

continuing to work on workflow integration for both prescribers and pharmacies. Mr. Goff also mentioned SB 333 which will expand access to the CSMP.

Motion was made by Mrs. Skaff and seconded by Mrs. Knuckles to go into Executive Session to receive the Complaint Committee's report. After discussion of the Complaint Committee Report, President Dennis Lewis declared the Board back into public session with no official action taken. Motion was made by Sam Kapourales and seconded by Everett Frazier to approve the Complaint Committee recommendations as presented, except that the recommendation for Case No. 2 in the report (Complaint No. 2016-08-61) have its recommended discipline modified to a Letter of Reprimand with \$42,000 fine plus costs of \$2,500, and place the pharmacist-in-charge/owner on 5 years' probation. All in favor with no votes against, the motion carried.

President Dennis Lewis then declared the meeting to recess, to be continued in the conference room at the Board Office, 8:00 a.m., March 20, 2017.

The Board Meeting continued on Monday, March 20, 2017, at 8:00 a.m., in the Board Office Conference Room, 2310 Kanawha Boulevard, East Charleston, West Virginia, with President Dennis Lewis presiding. Present with Mr. Dennis Lewis were the following Board members: "J.J." Bernabei, Vicky Skaff, John Everett Frazier, Chuck Jones, Sam Kapourales and Kimberly Knuckles. Also present were David Potters, Executive Director and General Counsel; CFO/COO John Smolder; the Board Inspectors, Charles "Buck" Selby; Roger Shallis, Don Klamut, Pat Regan, and Tom Robinette; and Board Investigators Fred Wagoner and David Lucas.

Members of the public present included Hope Stanley from West Virginia Retailers Association; Mike Brown; Jim Bennett on behalf of Mike Brown; Mark Polen of LGCR Government Solutions representing Rite Aid; Linden Barber and Matt DiLoreto representing HDA; Devon Stewart, from Steptoe and Johnson; Betsy Wright from Kroger; Kristin Rife from OIC Training Academy, and Sherrie Armstrong of Thomas Combs & Spann.

President Lewis called the meeting back to order and stated that a quorum was present. He then reiterated that proper notice of this meeting had been filed with the Secretary of State and that the Agenda was posted on the Board's website and made available through the Office. Mr. Lewis opened the meeting with prayer.

First, Mr. Lewis announced that Vicky Skaff would work more with staff on issues at the Legislature, and that Kim Knuckles and Chuck Jones would work more on Human Resources issues.

Next, the Board took up the next item on the Agenda, a presentation by the Healthcare Distribution Alliance (HDA), Linden Barber (an expert from private practice and formerly of the DEA), and Matt DiLoretto, concerning suspicious order report monitoring. Mr. DiLoretto presented an introduction and a letter from HDA outlining several topics on suspicious order reporting and reviewing draft rules that the Board has previously worked on. Mr. Barber then gave the Board an overview of how suspicious order reporting came into existence at the DEA, and generally, how each wholesaler, with some historical guidance from DEA, takes its own approach to monitoring its own data for suspicious orders. Importantly, HAD noted that the term "suspicious order" does not imply the presence of any illegal or illegitimate active which has occurred, and even when an order is "flagged" or a customer is terminated from supply by a wholesaler, it does not necessarily mean that a customer has engaged in illegal activity. Therefore,

HDA supports the efforts in draft rules to monitor terminations of service by a wholesaler to a customer, or refusals of service, both based upon suspicious orders or “related activity”. Further, with regard to the rules asking for specific reasons for why an order is deemed suspicious, that would get into the entire algorithms used and be extremely voluminous, but HDA supports having the contact information for the department or contact points in the wholesaler responsible for working with regulatory authorities provided to the Board for when a suspicious order is determined and reported, or when service is refused or cut off.

The Board then took up the Application of Gary Mike Brown for Reinstatement of his Pharmacist License. He had a felony conviction for forging a controlled substance prescription due to addiction. Due to the felony conviction, his license was revoked in 2011. He quit using substances in the end 2009, and has been in active recovery since January 16, 2010. He is also the Executive Director of the West Virginia Pharmacy Recovery Network, having devoted himself to helping others overcome addiction as well. Jim Bennett, M.A., L.P.C., spoke on Mr. Brown’s behalf concerning his stable recovery, the daily work Mr. Brown does to stay in recovery, and the fact that, as a clinician, he feels Mr. Brown is safe to return to active practice of pharmacy. The Board also reviewed written recommendations from Jim Bennett, Dr. Michael O’Neil, a pharmacy professor and former Executive Director of the WVPRN, and Joseph Lee a pharmacy and other business owner for whom Mr. Brown has worked. Sam Kapourales made a motion to allow Mr. Brown’s license to practice pharmacy to be reinstated pending satisfaction of all requirements for reinstatement, including testing. Kim Knuckles seconded the motion. All in favor with no votes against, the motion carried.

The Board then reviewed the request of PTT Alison Washburn and Jennifer Dye, RPh, to recognize prior hours worked as a PTT by Ms. Washburn although the Board did not receive the Pharmacy Technician Trainee Notification which Ms. Dye indicates was sent to the Board under the old PTT registration system. Because this involves employees of a Rite Aid pharmacy, Board Member Vicky Skaff recused herself and left the room for this item. Following a review of the documentation, which included in part a copy of the Notification and of Ms. Washburn’s successful passage of the PTCB examination to be a Nationally Certified Pharmacy Technician, Kim Knuckles made a motion to approve the hours worked as a PTT to allow Ms. Washburn to move forward and apply for her PT Registration. Seconded by Everett Frazier. All in favor with no votes against, the motion carried. Ms. Skaff was then brought back into the room to rejoin the meeting.

At that time, the Board took up review of the Naloxone protocol in place for pharmacists to furnish Naloxone products without a prescription from another practitioner. The current protocol requires pharmacists dispensing Naloxone per the protocol to provide the recipient a copy of two brochures developed by the West Virginia Department of Health and Human Resources, Bureau for Public Health, Office of Emergency Services. One brochure entitled “I Have Narcan” is for information on Naloxone Administration. However, it only provides for the 2 mg intramuscular product with the nasal adapter, and there is also a 4 mg intranasal product on the market. Therefore, the Board considered language to adjust the protocol to assure that it applied to any FDA-approved naloxone hydrochloride product, and that the pharmacist provide the brochures, “or other appropriate patient information for the naloxone hydrochloride FDA-approved product dispensed.” Vicky Skaff made a motion to amend the language of the protocol as described and drafted, and send it to DHHR Bureau for Public Health for their input, seconded by Everett Frazier. All in favor with no votes against, the motion carried.

Inspector Selby gave a status update for Inspectors/Inspections. Following are some highlights from the report: with the exception of the two new inspector territories due to the transitions, inspections are up to date; the two new areas will be caught up through the regular cycle. Inspectors Selby and Shallis completed the annual MPJE new question writing assignment from NABP March 10, 2017, and the questions were submitted to NABP. The Inspectors held a meeting with the investigators on January 10-12, and, among other things, had a presentation on Medication Assisted Therapy for opioid abuse focusing on buprenorphine products (Suboxone and Subutex). They learned that many patients have to go out of state to see a provider as there are not enough in West Virginia, and some areas of the state have none. The inspectors suggest that the Board consider getting with other affected State agencies to encourage more in-state providers and pharmacy access. Vicky Skaff made a motion to accept the Inspectors Report and to pursue drafting letters from the Board to the appropriate Boards and other agency stakeholders for MAT, and to undertake work on best practices. Seconded by Kim Knuckles. All in favor with no votes against, the motion carried.

Next, the Board reviewed a proposed letter drafted by NABP for Boards to consider sending to select members of Congress, in this case, to Senator Manchin, regarding opposition to legislation that would allow Americans to purchase prescription medications directly from Canada. The letter and attached graphic highlight the insecurity of drugs coming into the United States in this fashion and outside the controls and protections of the FDA, and ask members of Congress not to support the legislation. Kim Knuckles made a motion to send the letter under the Board President's signature, seconded by Vicky Skaff. All in favor with no votes against, the motion carried.

The Board then addressed the request of Baxter International Inc. to consider its direct delivery model of peritoneal dialysis solutions directly from the wholesaler to the patient. After review and discussion, Kim Knuckles moved to approve the request by seeking statutory changes similar to the NABP model language and other state language supplied by Baxter; seconded by Vicky Skaff. All in favor with no votes against, the motion carried.

Thereafter, the Board reviewed the request submitted the National Community Pharmacists Association on behalf of itself and the American Pharmacists Association, American Society of Consultant Pharmacists, College of Psychiatric and Neurologic Pharmacists, International Academy of Compounding Pharmacists, National Alliance of State Pharmacy Associations, and National Association of Chain Drug Stores regarding USP 800. In short, the organizations indicate that they will need time to comply with USP 800 which is set to go into effect in 2018, and ask for a delay in enforcement until July 1, 2021. A motion was made by Vicky Skaff, seconded by Kim Knuckles, to accept the request and delay enforcement until July 1, 2021. All in favor with no votes against, the motion carried.

The next item on the Agenda was the recommendation for Appointment of James Henderson, DDS, MD, to the CSMP Advisory Committee, to replace Lee Allen, DDS, MD, who resigned from the dentist position. After review of Dr. Henderson's credentials and the recommendation, motion was made by JJ Bernabei to accept the recommendation and appoint Dr. Henderson to the Advisory Committee, seconded by Chuck Jones. All in favor with no votes against, the motion carried.

The Board then reviewed the request by Giant Eagle Pharmacy to approve its on-the-job Pharmacy Technician Training Course. After review of the course, motion was made by Kim Knuckles, seconded by JJ Bernabei, to approve the training course for use in the Giant Eagle Pharmacies in West Virginia. All in favor with no votes against, the motion carried.

Similarly, the Board reviewed the request of Ahold USA (Martin's Pharmacy) to approve its on-the-job Pharmacy Technician Training Course. After review of the course, motion was made by Kim Knuckles, seconded by Chuck Jones, to approve the training course for use in the Martin's Pharmacy locations in West Virginia. All in favor with no votes against, the motion carried.

Next, the Board took up the request of North Central WV Opportunities Industrialization Center, Inc., to approve its learning institution based Pharmacy Technician Training Course. After review of the materials provided, motion was made by Chuck Jones, seconded by Kim Knuckles, to approve the course. All in favor with no votes against, the motion carried.

The Board then addressed the request from Pass Assured LLC to approve its PTT Training and Test Preparation materials and program for use in pharmacies as the didactic portion of a pharmacy's on-the-job PTT training program, with the pharmacy using the materials to have to provide the remainder of the West Virginia specific portions of the program and on-the-job experiential hours. Motion was made by JJ Bernabei to approve Pass Assured's request solely for use as the didactic portion, and any pharmacy using the materials would have to present its program to the Board for approval to show compliance with the requirements of Rule § 15-7-4 for its training program; seconded by Chuck Jones. All in favor with no votes against, the motion carried.

The next item on the Agenda considered by the Board was the blanket acceptance of any learning institution based PTT training programs approved by the West Virginia Community and Technical College System. Mr. Potters explained that he had learned that this is the approving body for two-year programs in West Virginia. The Board had granted prior approval to such programs approved by the Higher Education Policy Commission which is the approving body for four-year programs. Motion was made by Vicky Skaff, seconded by Kim Knuckles to approve all PTT training programs in leaning institution sites approved by WVCTCS. All in favor with no votes against, the motion carried.

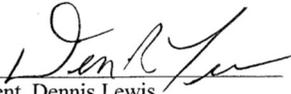

The Board discussed Central Fill Pharmacy. J.J. Bernabei went over the draft rules which follow NABP Model language, and language from Pennsylvania, Ohio, and Alabama. Language from several other states were considered by Mr. Bernabei and Mr. Potters during the drafting phase. After review of the draft, a motion was made by Dennis Lewis, seconded by Vicky Skaff, to circulate the document to stakeholders for comment and input. All in favor with no votes against, the motion carried.

The Board next looked at attendance at the National Association of Boards of Pharmacy Annual Meeting scheduled for May 23, 2017, and election of official delegates to the meeting. Sam Kapourales nominated Dennis Lewis to be the Official delegate, and Vicky Skaff to be the alternate. No other nominations were made. Sam Kapourales then moved to approve Mr. Lewis and Mrs. Skaff as the delegate and alternate, respectively, and for any board member and the executive director to attend the meeting, seconded by Chuck Jones. All in favor with no votes against, the motion carried. The following indicated their intention to attend: Dennis Lewis, Vicky Skaff, Kim Knuckles, Sam Kapourales, Chuck Jones, JJ Bernabei, and Mr. Potters.

The next regular Board Meeting will be held in Morgantown, West Virginia on June 11-12, 2017.

Mr. Smolder announced that travel reimbursement forms can be scanned and e-mailed, and asked Board Members if they could help him in tracking their days to turn in for per diem by e-mailing him.

Motion was then made by Kim Knuckles and seconded by JJ Bernabei to adjourn. Mr. Lewis declared the meeting adjourned.

MINUTES OF THE WEST VIRGINIA BOARD OF PHARMACY
CHARLESTON, WEST VIRGINIA, MAY 10, 2017

The Board convened in the Board Office Conference Room, 2310 Kanawha Boulevard, East, Charleston, West Virginia, at 10:00 a.m., on Wednesday, May 10, 2017, with President Dennis Lewis presiding. Present at the meeting in person were Board members: Vicky Skaff and Chuck Jones; the following Board members were present by teleconference on speakerphone: President Lewis, John J. Bernabei, Everett Frazier, and Kim Knuckles. Sam Kapourales was unable to attend. Staff present in the office were Executive Director and General Counsel David Potters, CFO/COO John Smolder, and Chief Compliance Officer Buck Selby. Staff present on the conference call was Board Investigator Fred Wagoner.

Members of the public attending the meeting included Mark Polen of LGCR Government Solutions representing Rite Aid present in the office, and Mike Brown of the West Virginia PRN on the conference call.

President Lewis called the meeting to order and stated that a quorum was present. He then stated that proper notice of this meeting had been filed with the Secretary of State. The Agenda was also posted on the Board's website and made available through the Office. Mr. Lewis then opened the meeting with prayer.

First, the Board discussed Title 15, Series 2 suspicious order reporting rules drafting. Mr. Potters explained that the rules were modified from the original draft based upon input from the wholesalers through HDA. The Board reviewed that language. Mr. Potters also explained that HDA members are also now requesting that the Board consider adding some language on immunity for the wholesalers' for reporting as would be required. Chuck Jones discussed that this may not be something we should do by rule, and that we could wait for public comment to address that issue. Motion was made by Vicky Skaff and seconded by Chuck Jones to file the rules with the Secretary of State and Legislature for public comment. All in favor with no votes against, motion carried.

Next, the Board took up revisions to Title 15, Series 7 to make pharmacy technician trainee clarifications in the rules. After review of the rules revisions, motion was made by Vicky Skaff and seconded by JJ Bernabei to file the rules with the Secretary of State and Legislature for public comment. All in favor with no votes against, motion carried.

Following this, President Lewis called for consideration of the changes and updates to Title 15, Series 10 Pharmacy Recovery Network rules. Mr. Potters and Mike Brown explained the draft changes. Discussion revealed that the rules needed to be further amended to ensure that they covered "any other impairment" and not just drug and alcohol addiction in one paragraph, and that the WVPRN should be required to submit quarterly reports on individuals who are monitored by the PRN due to discipline ordered by the Board. Mr. Potters was directed to work with Mr. Brown to fine tune that language. Motion was then made by Kim Knuckles and seconded by JJ Bernabei to file the rules as amended with the Secretary of State and Legislature for public comment. All in favor with no votes against, motion carried.

Next, the Board reviewed the proposed changes to Title 15, Series 12 Immunizations rules. Vicky Skaff and Mr. Potters explained the changes. Some discussion focused on the requirements for basic life support training: the statute only permits for American Heart Association or American Red Cross training, but prior Board action had been to try to expand that to include other courses as approved by West Virginia Medicaid for training of providers in the BMS intellectual Development Disabilities Waiver Program. As such, the draft rules reference the Waiver Program's expanded list of BLS courses, and a statutory change would need sought. Since these are joint rules with the Boards of Medicine and Osteopathic Medicine, they would have to agree as well. Further, Mrs. Skaff pointed out that in Section 15-12-6, the new language for immunizations to minors ages 11 to 18 per a prescription needed to be clarified to make sure that it applied only to when HPV and influenza vaccines are prescribed to minors of appropriate age under the statute. Motion was made by Vicky Skaff and seconded by Kim Knuckles to amend section 15-12-6 to add the words "HPV or influenza for" to the first phrase of the new sentence being added to the section, and to file the rules as amended with the Secretary of State and Legislature for public comment, and seek necessary statutory changes for other BLS courses. All in favor with no votes against, motion carried. Prior to filing with the Secretary of State and Legislature, since it is joint rulemaking, approval of the other two boards will have to be sought and granted.

The Board then discussed the draft of new series Title 15, Series 14, Central Fill rules. The original draft focused solely on a central fill model. However, language suggested by the National Association of Chain Drug Stores on behalf of its membership requested the Board to add additional new language on remote processing of prescriptions which the Board had not previously considered. After significant discussion, JJ Bernabei made a motion to table the discussion until the June Board meeting, and take no action at this time, seconded by Chuck Jones. All in favor with no votes against, motion carried.

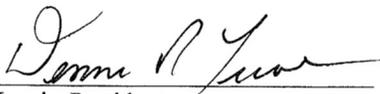

Next, the Board took up draft changes to Title 15, Series 8, for Emergency Rules to make Gabapentin a reportable drug of concern. Mr. Potters explained that the legislation authorizing this rulemaking does not take effect until July 7, 2017, so there is time for the language to be refined. Several items of drafting clean-up were identified where the words "drugs of concern" and "opioid antagonist" needed added. As such, the Board asked that the language be cleaned up and brought back before the Board at its June meeting. Therefore, it took no action at this time on this item.

President Lewis then called for discussion of any future legislative ideas the Board may desire to be topics of future discussion. He raised the issue of provider status for pharmacists at the state level, continuing to work to improve the Controlled Substances Monitoring Program, issues with Collaborative Practice, and expansion of Medication Assisted Therapy (MAT) in areas of the state where such services are unavailable. Vicky Skaff asked that the Board consider looking at models for different levels of pharmacy technicians and having expanded duties with specialization, and whether it is permissible for technicians to do medical reconciliation in which the technician collects the medical information of a patient and the pharmacist does the review.

JJ Bernabei asked that such efforts also include looking at a category of technician or pharmacy employee where someone could have limited duties and not have to be a certified technician. He also suggested that there may need to be consideration given to who could make a delivery of drugs to patients and their qualifications. Kim Knuckles indicated that there is concern surrounding MAT and Suboxone, with Suboxone “pop-up clinics” becoming a reality and a concern for diversion, raising a real question as to identifying and providing legitimate MAT and properly taking care of the patient. Chuck Jones mentioned that it is apparent from Complaint Committee cases that a lot of diversion starts with a technician, and that the Board may need to look at making provisions so that the technicians really desire the position and take pride in it as a profession, which will help cut down on such diversion. Everett Frazier indicated concern that Suboxone is already abused, and more emphasis needs placed on the prescriber making the medication available.

Finally, Mr. Lewis made two announcements. First, he announced that the June meeting would have election of officers, and staff evaluations would be addressed. Next, he announced that he was having a conference call with a representative of NASPA at 10:00 the next day to discuss issues in other states, and that any board members wanting to participate are welcome.

Motion was then made by Vicky Skaff and seconded by Everett Frazier to adjourn. Mr. Lewis declared the meeting adjourned.
